## Mayor to Visit Community Smiles Clinic

**Hialeah, Florida** – Mayor Julio Robaina and the Hialeah City council has been invited to tour the Community Smiles clinic this coming Monday, August 24, 2009. Community Smiles was established in 1946 as the Dade County Dental Research Clinic. Its founding premise, which continues today, is to provide professional dental care for the low-income community. Dedicated, licensed dentists donate their time, vision and energy to the underserved in their community. Throughout its history, Community Smiles has enhanced the oral well-being of its patients.

Community Smiles also provides advanced post-doctoral education and training in the art and science of dentistry through an ADA-accredited dental residency program. This program enables the participants to acquire new knowledge and skills in clinical dentistry while specialized, comprehensive care to medically compromised patients.

During the Mayor's visit, 12 residents from Hialeah, will receive complete oral examinations free of charge through the program.

**When** – Monday, August 24, 2009 at 9:30 am

**Where** – 750 NW 20 Street, Miami

**For more information, please contact the City of Hialeah Communications & Special Events Department at 305-889-5701.**
